Subject HB111

Dear Governor Lingle,

I urge you to sign HB111 into law. Collecting errors in accounting that occurred years ago is unfair, especially since a statute already exists preventing employees from collecting from the state when the error is in the employees favor. Many of the state employees are retired, or on family leave leaving them in a fixed income situation. In these dire times every dollar counts and collecting on mistakes that occurred many years ago, at no fault of the employee, is a hardship and an unjust burden.

Sincerely,

Lisa Head
